What devices are eligible for device protection?

Almost everything. Smartphones, feature phones, Bring Your Own Devices, tablets, wearables, hotspots, routers and modems are all eligible.

How do I enroll?

You may enroll while making a qualified T-Mobile device activation, purchase, lease or finance. If you'd like to enroll afterward, or if you're bringing your own device, it must be within 30 days of your transaction and the device will need to pass a Visual Mechanical Inspection in a T-Mobile store. Enrollment is optional, may be canceled at any time, and isn't required to activate, purchase, lease or finance the device or obtain T-Mobile wireless services.

Please remember to send or receive a call, send a text, or access data on the device (not using Wi-Fi) to verify that your device is active on the T-Mobile network.

¹If you buy both the Insurance Device Protection Plan and the Service Contract Device Protection Plan, you'll get a discount of up to \$1.50 on the Insurance Device Protection Plan, depending on your device tier. If you choose to buy a service contract from another provider and want to enroll in the Insurance Device Protection Plan and receive the same discount, please visit a T-Mobile store or call 1-800-937-8997 within 30 days of enrollment. You'll need to show proof of your service contract.

²This applies when and where repair service is available; otherwise, we'll provide a replacement device and collect the appropriate all other accidental damage service fee/deductible based on device tier.

Other important information related to insurance and service contract coverage:

We'll provide you with a copy of the coverage documents with full details on benefits, exclusions and service fees/deductibles when you enroll in the program. Coverage documents will be delivered in English.

- Availability of insurance is not dependent upon the purchase of noninsurance services or products, and vice versa. No special advantage is available for purchasing insurance in conjunction with noninsurance services or products.
- **NY Producer Compensation Disclosure:** T-Mobile USA, Inc. ("Producer") holds a Limited License to sell Wireless Communication Equipment Insurance in the State of New York (# 538836). This Limited License authorizes trained employees to sell insurance to prospective New York customers. Compensation will be paid to the Producer based on the sale of insurance (if purchased by you) by the insurer, American Security Insurance Company ("ASIC"). Compensation paid to the Producer does not vary based on any other factors. You may obtain information about compensation expected to be received by the Producer based in whole or in part on the sale insurance to you by calling 1-866-866-6285 or asking your T-Mobile sales associate, who is authorized to provide you with such information on behalf of the Producer. T-Mobile USA, Inc. also receives compensation as the seller of the service contract (if purchased by you).
- T-Mobile employees aren't licensed insurance producers, and aren't qualified or authorized to assess the adequacy of your existing coverages. The Insurance Device Protection Plan may duplicate other coverages you may have, such as homeowner's or renter's insurance. The Insurance Device Protection Plan would cover you before any other insurance. You may check with your licensed agent for your own insurance assessment.
- For accidental damage, loss or theft insurance coverage, the program allows you up to five covered claims within any rolling 12-month period based on the date of the first repair or replacement. The maximum coverage per claim is the lesser of the replacement device or the purchase price of the claimed device, minus your service fee/deductible. There's no limit to covered hardware service (mechanical breakdown) claims as part of service contract coverage.
- Insurance and service contract coverage covers the device and the standard charger, standard battery and SIM card (if applicable to your device). Accessories included in the original device packaging are covered in the event of an incident simultaneously affecting both the device and the accessory.
- If you're advanced a replacement device under the insurance or service contract coverage, you must return your damaged or malfunctioning device within 10 days of receipt of your replacement device. If you don't return the device, you'll be charged an unrecovered equipment fee no greater than the value of the replacement device plus applicable shipping costs.
- **Exclusions:** Losses caused by or resulting from abuse; misuse; service performed by anyone not authorized by us; intentional or cosmetic damage; pre-existing conditions; manufacturer recall; certain acts of God; consequential damage; and, for BYOD, losses covered under a manufacturer's warranty. Refer to coverage documents for a full list of exclusions.
- Insurance and service contract term: Coverage starts at 12:01 a.m. on the date you enroll. You must enroll in the plan within 30 days of a qualified T-Mobile device activation, purchase, lease or finance.
- Cancellation: You can cancel your optional insurance and service contract coverage at any time by calling 1-800-937-8997 or visiting my.t-mobile.com. You may cancel at any time to receive a refund and/or credit, if any, of the unearned portion of the price paid within the time frame required by law. Insurance and service contract plans are monthly renewable and must be paid on a monthly basis, or coverage will be canceled in accordance with applicable state law for nonpayment. We won't cancel insurance or service contract coverage for nonpayment without providing you with the opportunity to pay within the applicable notice period.
